Re: CE Declaration of Conformity – Polyimide Heaters

The following specialty component heaters:

Polyimide Heaters:	Type KPT
Max. Rated Voltage:	240 Volts
Max. Rated Temperature:	240°C

Meet the essential requirements of the following European Union Directives:

2014/35/EU Low Voltage Directive

Using the relevant sections of the normalized standards shown:

EN60335-1:2012 Safety of Household and Similar Electrical Appliances

Columbia, MO USA, 03/21/2023
