12001 Lackland Rd
Saint Louis MO 63146-4001

This is to certify that representative samples of COMPONENT - HEATERS, SPECIALTY
See Addendum Page

Have been investigated by UL in accordance with the Standard(s) indicated on this Certificate.

Standard(s) for Safety: Standard for Electric Heating Appliances, UL 499 and the Canadian Standard for Heater Elements, CSA C22.2 No. 72-10

Additional Information: See the UL Online Certifications Directory at www.ul.com/database for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark: , may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.

Bruce Mahrenholz, Director North American Certification Program

CERTIFICATE OF COMPLIANCE

Certificate Number 20170221-E52951
Report Reference E52951-19980529
Issue Date 2017-February-21

USL, CNL - Miscellaneous heaters, Model SRPL, may be followed by -G, followed by 8 or 9 digits. Series Z, followed by 5302-2, 5303-2, 5309-2, or 4 digits

Model Designators -

When Model SRPL is followed with a -G, the heater is provided with an optional ground plane.

Suffix digits - The 8 or 9 digits following the SRPL prefix identify constructional and operating differences of specific heaters within the limits of this Report.
